

Child Care Custody Status Sheet

The Department wants to ensure that the custodial rights of the parents are properly applied while your child is receiving child care services. In order to do so, we need the following information. Both parents of the child(ren) receiving child care must be named. If there are any legal restrictions on either parent's custody or visitation, we must have legal documentation of that restriction. If we do not get legal documentation, we will not be able to enforce your custodial rights. If you are the sole custodial parent, and you provide legal documentation, we will follow your instructions for contact with the child while receiving child care services.
